BOLTLINE

BOLTLINE[®]

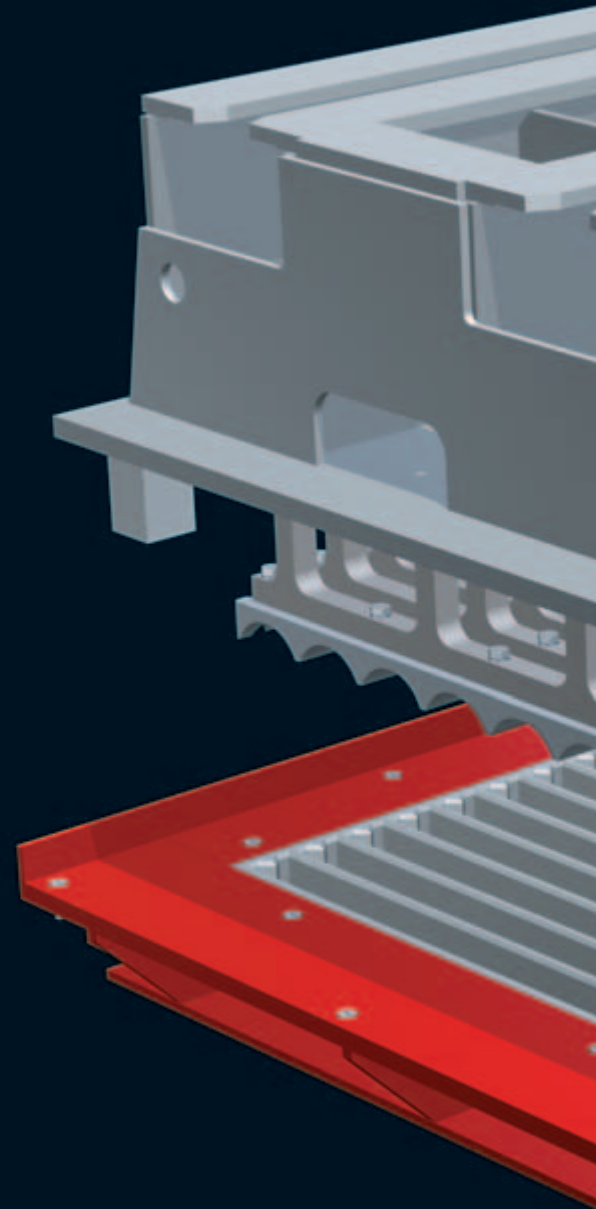

KOBRA
F O R M E N

BOLTLINE®

KOBRA BOLTLINE molds have individually plugged-in cavity walls which are easy to replace. We get an oscillation effect similar to our DYNAMIC system.

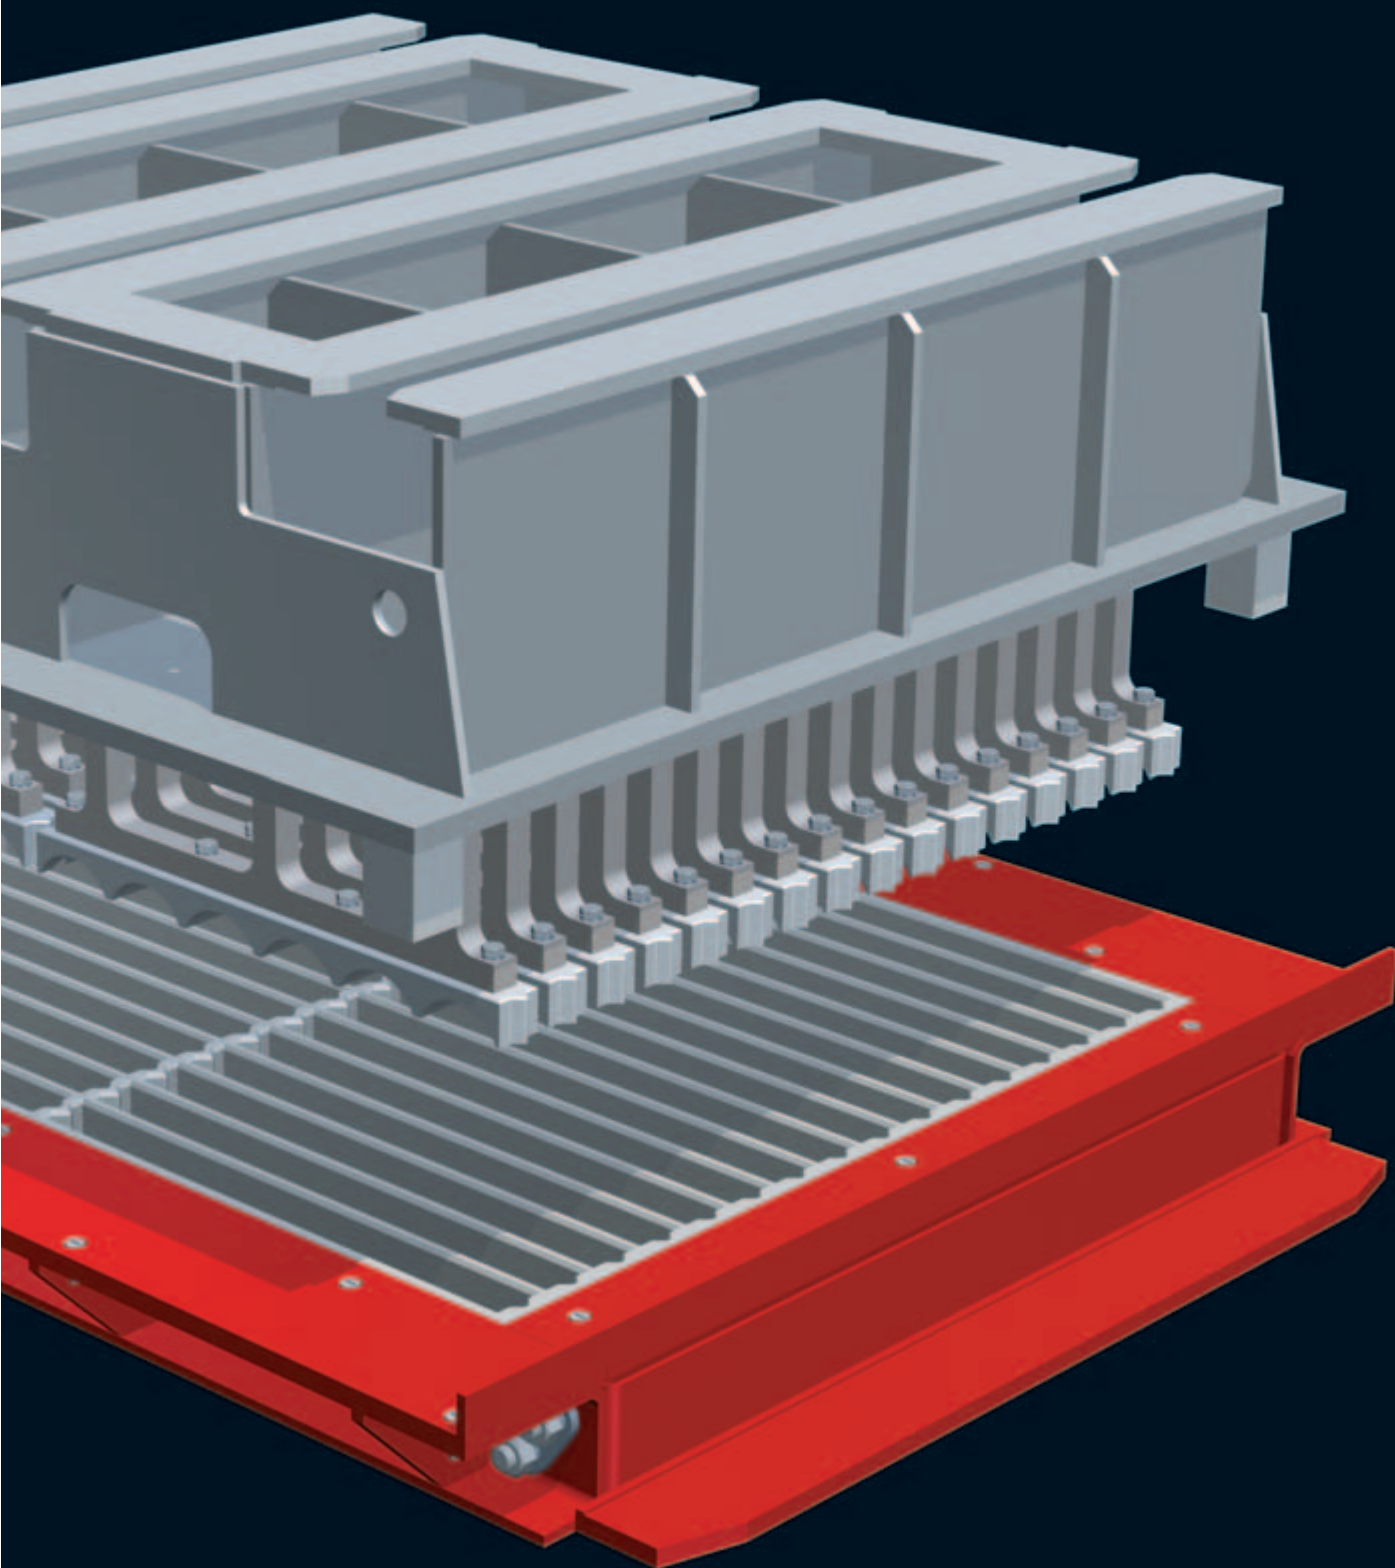

Advantages:

- better consistency (smoother stone sides)
- higher strength/density
- better finish
- easier filling
- cost effective repairs utilizing exchangeable wear parts
- available for curbstone and hollow block molds

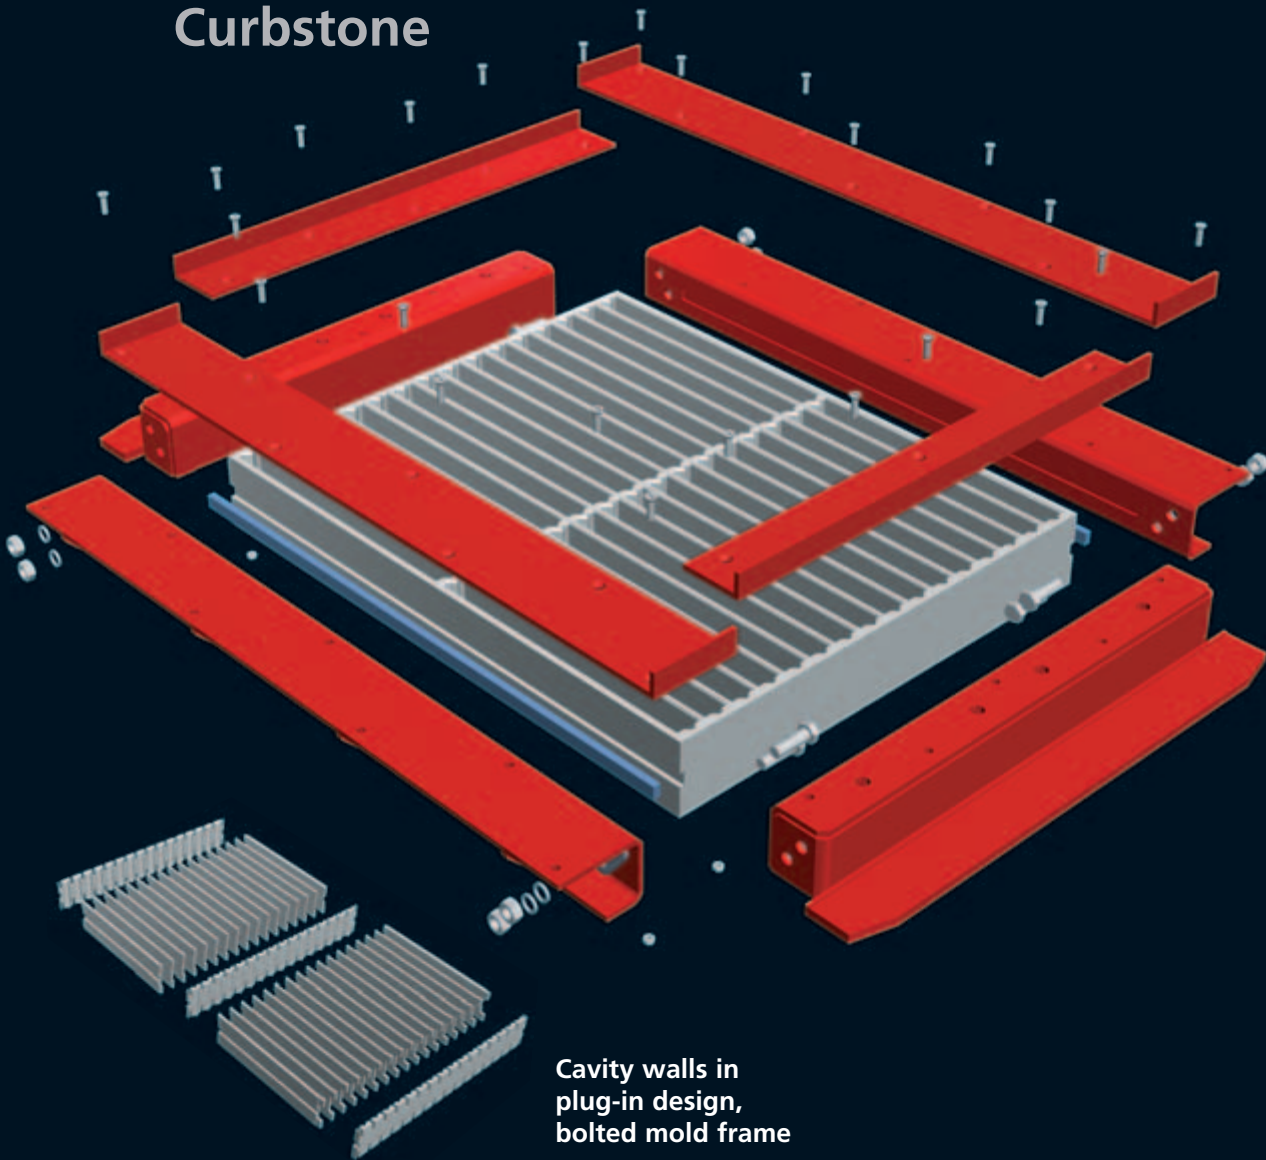

The KOBRA BOLTLINE mold is a technical masterpiece
