

OPERATE

»Operate™« is the name of our extensive package of services for extending the service life of your concrete block molds. This not only includes specific measures on the mold, but also seminars and workshops directly matched with your products.

We also bring together our research & development activities for continuous improvement of our product quality under »Operate™«.

Mold making cost efficiency

Innovative solutions for cost control and careful use of resources in production are of great significance for our worldwide customers. To achieve this, the concrete block mold must combine different aspects of effective production. The mold needs to excel through cost efficiency for long use, precision for high-quality products, and well-engineered designs for fast and simple repair in case of wear. With

ALWAYS AT YOUR SERVICE.

the modular concrete block mold and services specially tailored to your production process, the service life can be increased significantly.

TOOLS. Molds.

CARE. Service. Powered by experience.

AT YOUR SIDE.**

Reparaturen in Lengenfeld

Our Service Center is directly adjacent to the main plant in Germany. This is where your mold is thoroughly examined on the basis of wear patterns and measures necessary for an economically feasible repair. You then receive a detailed quote for our services:

- » Cleaning and checking each mold for specific repair requirements
- » Welding on the bottom edge of the mold cavities
- » Changing tamper shoes, incl. fitting and assembling
- » Welding cracks in the frame and tamper head
- » Replacing individual frame and mold insert components
- » Reconditioning of swords and shoes
- » Face grinding of tamper heads and mold bottoms
- » Overhauling of hydraulic and heated molds
- » Reconditioning of rails
- » Modification of complete molds to another machine type
- » Painting and assembly of each mold
